Hi Jacob,
I have updated the County Admin User Profile to have the ability to create Activists Codes. There is also an option to create Tags, which are a helpful organizing tool.

Please use this form to begin the process of requesting VoteBuilder Access for WVYD:

Good Afternoon Ryan,

Can you please change my VAN access so that I can have access to the entire state and also the ability to create activist codes?

As we are rebuilding and connecting with young voters VAN is an important tool. I would like to be able to pull a list of democratic voters between the age of 18-40 to assist new chapters with recruiting members. I would also like to track voter registration trends among young voters in WV. I would like to create an activist code for our donors and members.

Thank you,
Jacob Hively
